Are you having problems with your debit card not working?

There could be a simple solution to correct this problem. Make sure all of your information on file with Savannah Postal is correct and up to date. We have gone live with our debit cards so having the correct information on file is extremely important. Your address including your zip code and phone numbers **MUST** match. If they do not match, it will hinder proper usage of your card.

Identity theft is a form of stealing someone's identity to gain access to resources such as obtaining credit or benefits in that persons name. One simple way to protect yourself from being a victim is shredding all your important personal financial documents. This includes bank statements, credit card statements, pay stubs, old utility bills or anything with checking account information, passwords or social security numbers on them.

Money Saving Tips for Spring

Spring is our favorite time of the year at Savannah Postal Credit Union. Like you, we spend more time outside and always look forward to the family vacation time. If you are on the go, remember to be vigilant with your money and keep your information safe.

Take these easy precautions:

- Sign up for direct deposit.
- Monitor your accounts with mobile and online banking.
- Use alerts to watch account activity and balances when traveling.
- Use only well lit ATM's at night especially in unfamiliar areas. If you don't feel safe, you should leave.
- Don't count your cash at the ATM.
- Watch for skimming at the ATM, gas pump and other card terminals. Thieves can attach a realistic looking device that captures your card information and PIN. If you notice anything unusual about the service, report it and try another location.
- Avoid carrying large amounts of cash. Use your debit or credit card instead.
- When you use your card, keep track of it throughout the transaction.

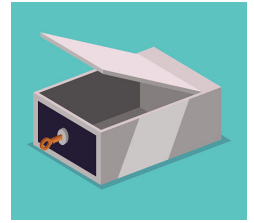

SPCU would like to recognize Raleigh Stevens.

CREDIT RULES:

- Credit cards are just like a loan– you must pay your payment each month.
- Pay your loans on time each month.
- Keep track of how much you spend. Remember that incidental and impulse purchases add up fast.
- Never lend your debit or credit card to anyone.
- Owing more than you can repay can damage your credit rating. That can make it hard to finance a car, rent an apartment, get insurance or even get a job.
